DRUMRIGHT, OKLA.

Drumright, Okla.

Dear Editor:

You will find enclosed \$1.00, for which send me your paper one year.

I have been away from Jackson county one year, during which time I have visited my dear father and mother once, but it seems like it has been a long time since I have seen them.

I like this place fine, but I sure do love old Jackson county. There has been quite a number of my relatives and friends died since I left there.

Carlos Jenkins and family arrived here last week from Texas, where they have been for the last six months.

Ed Carlisle and wife were in Drumright last night.

Herman Polson and wife, Carlos Jenkins and family and Mrs Harve Stafford motored to Pleasant Hill Wednesday.

Mrs. Bettie Stafford and Mrs. Susan

Mrs. F L Haile and sister, Miss Vergie Johnson of Flynns Lick, were in Gainesboro Wednesday.

Our cold drinks are right on the dot, we make 'em cold or we make them hot, and when you drink 'em they hit the spot. Visit our parlor when in town, and then tell your neighbors about it. M. P. Bailey & Son, Gainesboro.

Mr. and Mrs. Ree Roberts went to Double Springs Tuesday to see Mr. Roberts' father, Nathan Roberts, who is confined to his bed with dropsy. His many friends here will regret to learn of his illness.

Wonder if the citizens, especially, the business men, read the article of Mayor Butler in last week's issue? It was plain enough.

We suggest that sherriff Spurlock have the courthouse yard cleaned up and the trees white washed. Every little improvement helps. Nothing could add more to the looks of the square.

IMPROVEMENT COMMITTEE.

A town improvement committee would not be a bad thing for Gainesboro. In fact it would be a mighty fine thing, a very sensible thing, and a decidedly profitable one. Shall we have it, or wabble on without it?

BARREL STAVE VS. LAW.

A Free State farmer says there are a lot of mischievous boys in his section who have a habit of trying to damage or destroy his fruit trees, and if it isn't stopped, he will have to bring them before a court of justice. A good old fashion, ash-hopper barrel stave, applied to the right place, by the proper person, would prove a mighty good tonic for such boys.

LATEST OIL NEWS.

The latest news from the Jackson Oil & Gas Co., which is operating a lease in Allen County, Ky., is that well number 4 which came in a few days ago, together with well number 1, is producing 260 barrels a day. It is also reliably reported that well number 1 has produced enough oil to defray all expenses to date, and a dividend in the near future is looked forward to by the stockholders. Drilling on well number 5 will be begun as soon as possible.

Poston were in Drumright Saturday.

Mrs. Tom Stafford is some better, Clyde Wheat seems to be lonesome since Fred Smith went home.

Elsie Love McCain spent the day with her aunt, Mary Poston recently.

Several visited Harve Stafford Sunday.

Palo McCain visited Herman Poston last week.

Ernest Poston and wife took supper with Herman Poston recently.

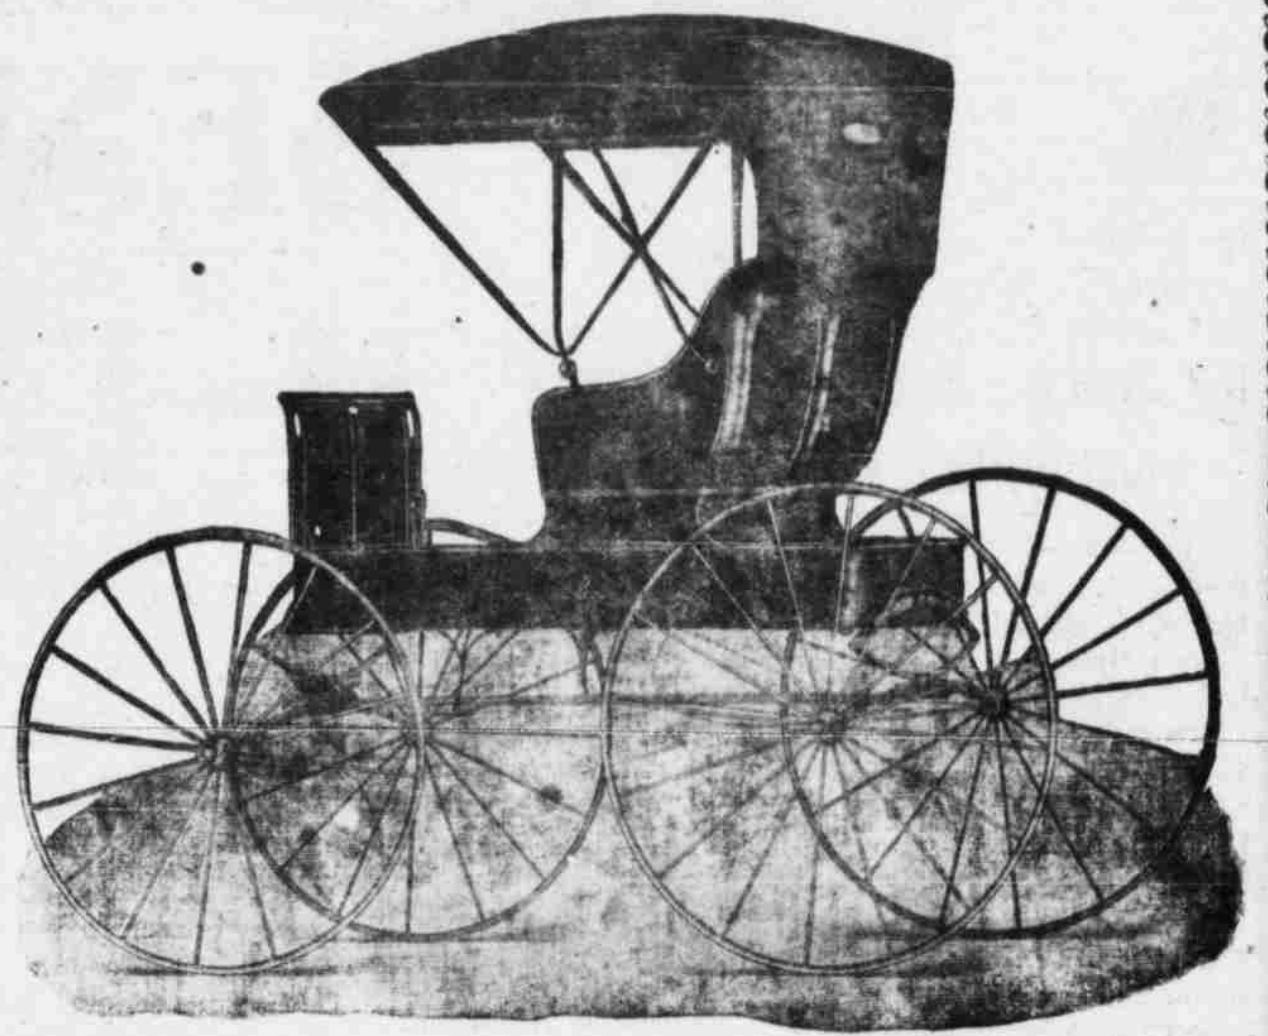

Harve Stafford, Carlos Jenkins and Hermau Poston started out car riding Sunday. Carlos lost use of his eyes or hands one, and missed the road and ran his car thru the garage door, doing very little damage.

Wishing the Sentinel and its readers success, I close

Mary Poston.
